Race Details

Level of difficulty: While the race will be physically challenging, It is not beyond the reach of those who are in reasonably good physical condition. We highly recommend a routine of training, well before the race that includes biking, jogging/running and canoeing. There will be a water, Gatorade, and snacks located at each transition point.

Check-in (PLEASE READ CAREFULLY): Saturday at the East Grand School Gym 7:30 – 8:15AM to receive your race number, t-shirt and course map. Before 8:45AM you'll need to number your mountain bike (number provided) & boat (self-adhesive number provided, place on right front of boat) and drop off boat at the landing in town. There will also be a pre-race compass challenge in the gym that ends at 8:40AM so plan on arriving early enough to take care of pre-race equipment labeling, dropping off & challenge. **Note: Check-in closes at 8:15AM, late arrivals will miss the first indoor challenge. Those that register the day of the race may become a write-in entry beginning the race last and may also miss the first indoor challenge.** Pre-Race talk is 8:45AM, load buses at 9AM. Upon completion of the outdoor course, you will be transported back to the gym for lunch, and the climbing wall challenge 1:30PM to 3:30PM. We are aiming to do the awards presentations at 3:45PM and wrap thing up by 4PM.
34 mile racers Check in is 7:00AM, then load and go.

East Grand Adventure Race Details Continued

Racing order: Compass bearing challenge in the gym 8-8:40AM, compass run 1+ mile, biking 10 miles, paddle 8 miles, climbing wall and environmental challenge in the gym after the outdoor course is done.

Two Transition Points: These are at the compass run to biking, and biking to canoeing transition points. Your numbered bike and helmet will be placed in a numbered area (example 1-10) so you can find them easily. At the canoe transition point your paddles and life jackets will be in your canoe (as long as you placed them in your canoe when dropping off before the race). You can grab a snack and drink at each transition point. Need to shed a layer or leave something at a transition point? We will return items to the front of the school on a table. Bikes, canoes, & kayaks, dropped off in front of the school for you to pick up after the race. **Note: You may want to consider bringing a set of clothing or extra layers to change into at the landing after completing the mud/water obstacles prior to the paddle course, place in your boat at the landing when dropping off pre-race.**

If a team needs to drop out: due to an injury or other reason. You can do so at a check point and will receive a ride to the school by volunteers manning transition points. Volunteers will be patrolling the bike route if you need assistance.

Safety: Dirigo Search and Rescue of Bangor is providing support for the compass run and the Danforth Fire Department for the bike leg. We will provide 'sweeps' for all three sections of the race if all teams fail to cross a check point after a reasonable length of time has passed.

Buggy? If the forecast is for temperatures above 53 degrees, it may be buggy on race day. Racers may want to apply fly dope just prior to the compass run portion of the race. We recommend keeping repellants off your face so if you sweat, you don't end up with repellant in your eyes. Bandana as a head band?

Map and Compass: Know how to use your Map and Compass! We have a flier on line (www.eastgrandschool.org) to download with detailed instructions on how to use a map and compass, how to take into account for declination using a longitude line, and how to take a reading (bearing) for direction of travel. Be sure to review and become familiar with how to align a map and take a bearing prior to the race. Be sure to bring a compass with a base plate on a lanyard. A map will be given to you with a direction of travel line (start to finish). While cell phones are a nice thing to have in case you get into trouble, we are asking you not to use them for navigational purposes. No GPS units permitted.

Compass run reminders: We highly recommend wearing long pants to protect your legs from scratches (raspberry bushes and brush). Wear sunglasses or similar safety glasses to protect your eyes. Wear shoes that are broken in and proper fitting, laced up and with socks. **Watch your step!** Set a pace that prevents falling, spraining an ankle and getting hurt. **Whistle:** You'll want to bring a signaling whistle in the event you get 'mixed up' or hurt during the compass run. If you do get mixed up and can't figure your way, stay put and a safety crew is on hand and will do a sweep after a reasonable amount of time has passed.

Biking reminders: Wearing eye protection is recommended (sunglasses?). The bike course is mostly good gravel woods roads but keep an eye out for bridge crossings, pot holes and washouts! There may be obstacles along the way such as a stream crossing or mud hole. Use CAUTION when racing down steep hills so as not to lose control of your bike resulting in a nasty spill! The bike course is well marked with directional arrows (yellow signs on stakes PLEASE DON'T CONFUSE WITH SNOWMOBILE OR ATV LARGER YELLOW SIGNS THAT ARE UP YEAR AROUND).

Bathroom Breaks? We will have a portable toilet at the end of the bike leg. For all other legs including the starting and transition points.... head for the woods!

Showers: Available after the race in the gym (guys off to the left, girls far left corner of the gym).
